GP56 version 1.0 : 29.9.2019 Status: provisional

This is a West family pattern.

Repeats:

13 lightning = 78 stitches

14 hailstones = 78 stitches

((78+78) x 2) + 4 false seam stitches = 316 stitches around body. If body circumference is 39 inches, then tension = 8.1 stitches per inch

Measuring eye (my visible eyeball =1.375 inches) tension on stocking stitch = 8 stitches per inch

Measuring my iris (14.5 mm) and enlarging photograph to match, the tension also comes out at 8 to the inch.
